

April 2019

Central California Cage Bird Club

www.mycCBC.org

Est. 1933

The Central California Cage Bird Club is a community of cage-bird enthusiasts open to anyone who is interested in the welfare of cage-birds. We are educators who work together to support and promote the humane treatment and care of all birds. We cooperate with regulatory agencies to protect practices that improve bird's welfare. At our monthly meetings we share information on breeding, feeding, housing, and training of cage-birds, as well as the prevention of illnesses in all varieties. We reach out through community events, 4-H groups and scouting troops by distributing information, and offering classes by request designed to improve the lives of pet birds, commercially sold cage-birds, and cage-birds being groomed for Show competition.

Hi Everybody

A nice group gathered at our meeting on St. Patrick's Day and feasted on a tasty lunch of corned beef and cabbage, brought by Julie who didn't take much home for dinner. Mary Ann and Rodney brought a lovely sweet fruit crumble for desert - thank you all!

At our April meeting we will be celebrating Easter with a (plastic) egg hunt. I've heard it is an "adult version" with interesting grownup stuff in some eggs..... What could that mean?? I've also heard that instead of a raffle, there will be prizes. And games. I have not heard a word about the menu, but I'll guess it will go beyond jelly beans and peeps! Bring whatever you'd like to share for the food table, and let Julie know if you have prizes you'd like to share.

AND we are planning a Road Trip to Valley Springs for our May picnic this year. Please let us know if you're planning to come so we can keep you posted.

AND in June we are planning a Friends and Family swap meet which will be a Buy-Sell-&Trade for cage-bird accessories, toys, and gifts for birds and maybe for ourselves, too. More info to come.

In other news, we have decided to "table" our canary show for this year. Although some folks have expressed an interest in Showing, some are able to help, and there is interest in combining club Shows, we have not had a person step forward who is eager to manage the entire production. Tabling the Show means we are moving on to other club interests until there is a time when the Show can be done properly. As we've said right along, it takes folks who are interested in Showing to create a show. It is our genuine hope that we can pick up this thread in the future.

Looking forward to a Fun Sunday!
Janna

March 17, 2019
Meeting notes
a quorum was present

The Treasurer's report was passed around, with one complaint that it is too detailed. The process was explained. The purpose of a detailed report is to ensure transparency and create a second source of information.

Julie brought us up to date on the progression of Newcastle's in areas of Northern California. Thank you letters from Maggie Raney and Oasis Sanctuary were noted.

Mary Ann and Rodney Silva shared their interest in a joint budgie-canary-finch show, and asked us to consider putting on a raffle at the Sonora Bird Mart. We were open to the idea. We toured the Ag Center as a possible joint venue, and determined it would work well for a one-day event. It was decided to cancel our reservation at the Turlock Fairgrounds for November 16th. We will research dates available at the Ag Center.

We will keep our August and October Mini-Marts on the schedule hoping the Newcastle's issue is controlled by then.

Janna

Meetings start at 1:00

CCCBC Meeting Dates for 2019

DATES		EVENT
